You learn a rule and figure out how to apply it. With a few exceptions, these rules are more or less universal and can be applied to any conversation in the language. That's why following an English grammar book is such a useful method of study. Just like the old math books from your school days, grammar books show the rules and help you use them correctly. But don't worry about it. That doesn't mean learning English has to be like math class. There are plenty of excellent English grammar books that you can study on your own schedule, in a café or in the comfort of your bed. No uncomfortable tables or early morning exams! Best of all, many of them are available for free online. In this post, we have brought you a list of the best free English grammar books that you can simply download and read at your own pace. Each of them has its advantages and you can choose relevant, most relevant, of their learning needs. How to make the most of a grammar book These tips below will guide you on how to make the most of any grammar book you refer to. Take the lessons in each chapter. Most grammar books will deal with simple and basic topics before moving on to the most difficult ones. Therefore, following the sequence of lessons described on the content page might be a good idea. Read the theory first. Don't even try to do the exercises unless you've read and understood the theory first. That way, when you finally start the exercises, you're less likely to be stuck. Try to form sentences using the examples given in the book. Most examples in these books will use vocabulary and common English phrases. Then you can try to memorize your formats to use in your own communication. For example, you can find examples of questions like, Can you tell me the way to the school? You can memorize the first half of the sentence and replace school with bank or restaurant as appropriate, and use it whenever you need to ask for directions. Look for answers to check your answers. When selecting a grammar book, be sure to check for an attached response key for the book exercises. An answer key will tell you the correct answers for each exercise so you can compare your work. You need to ensure that you have correctly solved the exercises, otherwise you will not learn from them! Supplement with real-world videos in FluentU English. Grammar books won't be much help when it comes to pronunciation, accents or even the subtleties of everyday speech. So it's always best to expose yourself to the English language as much as you can, and FluentU is one of the best (and most fun) tools to do that. FluentU provides authentic English videos such as movie trailers, music videos, inspiring lectures and more, which have been transformed into personalized language lessons. Each video comes with interactive subtitles, flashcards, fun tests and full transcripts. That way, you're not just absorbing native English speech—you're actively learning from it. Videos are organized by genre and level, so it's easy to find the ones that work for you. Confused about a specific grammar topic? Just type in the search bar and FluentU will show videos that on this topic. For example, in this interesting science news video, you will hear many examples of the past time. You can check out the full library for free with a FluentU review.It doesn't matter if you're a mere beginner to using the English language, or if you've already gained advanced proficiency, but feel like your grammar has become rusty. These free books that contain a mix of books and workbooks will be of great benefit to everyone. Basic books for you to start! you are a beginner and do not have much notion of the basics of grammar, it is worth checking out these three books. English 4UEnglish 4U is a wonderful, feature-packed site for non-native speakers who have just started their English learning process. Your site has two free grammar books available for download. Grammar Book 1 is for beginners, while Grammar Book 2 is a continuation for intermediate students. The first book covers some of the most common topics of English grammar, such as plurals, simple times, articles, and questions. It will be ideal for those who struggle with basic conversation structures. It has 16 chapters. Each begins with a short lesson, followed by several exercises accompanied by the correct answers. The second book addresses more complicated verb tenses, irregular verbs, and similar words that are easy to mix. It has 20 chapters. Grammar TeacherGrammar Teacher is a website dedicated to helping students master the English language. They even have a free grammar book, which you can download and distribute among your friends at no extra cost, as long as you don't change any material from the book. The book is called Secrets of English Grammar and is mainly focused on the correct use of different times, as well as important English verbs such as will, can and should that are widely used in speech. This book will also teach you how to ask and answer questions and express desires or feelings at the appropriate time. Each chapter begins with a short lesson, followed by some exercises related to grammar tests on the site. Oxford Guide to English GrammarOxford Guide to English Grammar by John Eastwood, is a comprehensive grammar reference book that you should always keep at your fingertips. It covers all key grammar topics in detail and is a great book for understanding the patterns and structures of the English language. However, this book has no exercise, so I advise you to use it for reference purposes. For example, if you are stuck somewhere or need a better explanation, see the topic in this book and follow the examples provided.Alternatively, you can use this book as an add-in to another grammar feature and refer to it for more detailed explanations or a wider variety of examples. Online grammar books busy studentsThese grammar books are not downloaded in PDF, but are available and indexed online. This means that you can conveniently choose an individual chapter or assignment to complete anytime, anywhere. Englishpage's Online English Grammar BookThe grammar topic index of this site will provide a complete course on the language. Topics are organized alphabetically and you can literally start anywhere. Each topic also has several online exercises to help you their skills. At the top of the page, they even have grammar tutorials specific to certain topics, such as verb, manageable, and conditional times, that come with charts and FAQs to ensure you have a clear understanding of these topics. Education First's English Grammar GuideO Education First also contains a brilliant grammar guide, neatly ordered by the important parts of the discourse (nouns, adjectives, adverbs, etc.). I suggest you mainly use this as a reference tool because they have easy-to-understand definitions and relevant examples. Consider it more of a study book than an exercise book. For example, if you are curious about nouns, you will have to learn about the different types of nouns, capitalization rules and even about pronouns. In this way, you will be able to identify nouns in a sentence and learn how to modify them to express what you want. Huge Lists of Grammar Books for PerfectionistsThe free English grammar books above will certainly give you a solid foundation. But if you've exhausted all of them and are looking for more free resources to continue and improve your learning, the links below can help. PDF Drive DatabasePDF Drive is a handy search engine for searching and downloading free e-books. There are books on a wide variety of topics, including a large number of grammar books. Whether you're looking for workbooks, test packs, composition guides, or grammar books focused on a specific topic, you'll find plenty of options to suit your needs. You can also sort books by relevance, popularity, and page count to narrow your options. If you're still confused, look for Oxford or Longman books and you'll be in good hands. ESL Pages' Grammar WorksheetsThis site contains links to download two free grammar books as well as recommendations for books you can buy. However, both free books contain more than 100 sheets of work each and are a must-have for students eager for more grammatical practice. The internet is full of free features if you know where to find them and how to use them judiciously. Unlike some other languages, English grammar is comparatively easy to understand, learn and apply, and once you master the basics, you are ready to become a fluent user of the language. So make the best effort possible, do the lessons regularly and the language within your reach. Archita Mitra is a freelance writer, journalist, editor and educator.
